

Technical data sheet

REVOPUR® Coloritquarz

Coloured quartz for the decorative design of the surface, grain size 0.7-1.2 mm

Areas of application

REVOPUR® Coloritquarz is a high-quality, fire-dried coloured quartz sand for the decorative and slip-resistant design of surfaces.

Features

- Quartz sand

Properties

- Grain size 0.7-1.2 mm
- Colour shades: Milky Way
Autumn Day
Brick Red
Granite Red
Rock Grey

Coverage

Depending on how it is applied

Delivery form

- 25 kg in a bag

Storage

Store unopened, unmixed in a cool and dry area free from frost.

Can be stored for approx. 36 months.

Processing

Application

The coloured quartz is applied to the substrate and spread out evenly. In order to avoid build-up/offsets, the entire surface must be completed in one step without interrupting the work.

To avoid colour differences, care must be taken to use products with the same batch number.

Tools and aids

General information

The product must not be mixed and processed with other substances not belonging to the system. No materials other than those specified by FRANKEN SYSTEMS GmbH are permitted to be used.

Decorative and utility coverings

Miscellaneous

It's to the best of our knowledge that we've provided the above information as well as our technical advice on applications, whether verbal, in writing or by means of tests. However, this information shall only be regarded as non-binding, which also applies to any property rights of third parties. The advice does not release you from examining our current advisory notes yourself (our safety data sheets and technical information in particular) and our products with regard to their suitability for the intended processes and purposes. The application, use and processing of our products as well as the intended use selected by you on the basis of our technical application-specific advice are beyond our control and are therefore exclusively your responsibility. The sale of our products is subject to our current General Terms and Conditions of Sale and Delivery. Warnings on the product labels must be observed. The latest version of the applicable documents shall be used.

Please check that the documents used are up-to-date and/or request an up-to-date document before each application.
